Washington Agriculture and Forestry Leadership Program  
Effective Leaders. Today and Tomorrow.

# Thank You Investors

Thank you to the individuals, businesses and friends who invest to assure accomplished leadership is available to serve the natural resource industries and our rural communities.

Investors share the vision that people are the most important resource. Over 700 investors proudly fund and collectively own the Leadership Program. Developing leaders is an essential investment in human capital for our state. Our investors understand the power of people working together to accomplish effective results.

A high percentage of our investors are not one-time givers, but continue to support the program year after year. Their vision is that creating ongoing leadership is continuous. Because trained leadership is perpetual, the results become lasting as depth and knowledge grow.

The Washington AgForestry Leadership Program enhances skills, enriches experiences, and increases knowledge for leaders who work toward a successful future within our industries.

The Leadership Program is a cooperative venture. It touches many people worldwide. In-kind services are provided by universities and businesses who assist and provide seminar coordinators to develop powerful and effective programs.

Leadership Class 35

These include:

- Washington State University
- University of Washington
- Pacific Lutheran University
- Whitman College
- Northwest Farm Credit Services
- Green Diamond Resource Company
- WA State Department of Natural Resources
- Port of Seattle
- Weyerhaeuser Company
- Washington Forest Protection Association
- Energy Northwest
- Boise Cascade
- Darigold

Members of Washington's Congressional Delegation, U.S. Embassies, and the Foreign Agricultural Services help develop national and international study travel seminar experiences for our leaders.

Ongoing support assures the vital work of proficient leaders continues. To date, over 900 participants have graduated from the Leadership Program and are serving in key positions in industry, communities, associations, government, public service, and business.
