January	International Study Travel
April	Public Policy Projects
May	Launching Your Leadership Resources and Graduation Celebration

LEADERSHIP PROGRAM OBJECTIVES

- ❖ To prepare selected individuals involved in renewable natural resources for the challenges of leadership.
- ❖ To promote understanding of the interrelationship and interdependence of renewable natural resource interests, and the importance of these resources to the general economic welfare of the state.
- ❖ To promote understanding between industry and resource specialists in government and higher education.
- ❖ To promote understanding of international trade among the state's leaders in renewable natural resource areas by direct exposure to foreign cultures.
- ❖ To promote understanding between urban and rural sectors.
